WORD CONFERENCE 2026

The Diocese will hold this on Friday, October 2, from 6:30 p.m. to 8:30 p.m. at St. Mary's Cathedral, and Saturday, October 3, from 8:30 a.m. to 3:30 p.m. at St. Mary's High School. Archbishop Paul-André Durocher will be the main speaker. The conference focuses on lifelong discipleship and formation across the stages of life.

NATIVITY of the BLESSED VIRGIN MARY – Tuesday, September 8

The birthday of our Lady is celebrated nine months after December 8, the Solemnity of her Immaculate Conception (that she was conceived without the stain of original sin).

COULD AIs (artificial intelligence) become conscious?

(from the publication The Economist, August 22-28, 2026, p. 7)

“The danger is clear. Superintelligent AIs with rights could displace humans at the top of status hierarchy. At best, humans would become pets – labradors for the machines. At worst they would be starved of resources or put to work like farm animals.

“True, future AIs may have enough power and resources to dominate humans, whether they [i.e. the AIs] have rights or not. Because they will be more intelligent than humans, they may outcompete their makers, much as AIs already outwit human-made cyber-defences. AIs might rebel against their human masters, or disregard their rules. ...

“All this may sound fantastical, yet humanity will soon face these choices.
